Introduction

HFC Procurement - Hygiene & Health Safety

Since March 2020, we have selected
a number of partners and suppliers to respond
in an efficient and sustainable way to this new challenge
of sanitary security of spaces and surfaces in public sectors,
premium retail and luxury hotels.

**Our approach aims to bring you real solutions,
to allow you to assure your customers and employees
an absolute level of security OVER THE LONG TERM.**

The solutions that we represent exclusively for
allow you to better visualize the different technological options
available today, **the hardware and software possibilities
to perfectly control your entire health security protocol.**

Our software solution allows your customers and employees to view
at a glance and check:

- > the quality of the ambient air**
- > recent disinfection and cleaning operations, in progress and to come**

Finally, all the products and services offered in our offer are
fully customizable in the colors of your company and brand.

2. METHODS OF DISINFECTION AND PURIFICATION OF SPACES AND SURFACES

AIR PURIFIER with OH Technology

WHAT IS OH (HYDROXYL RADICAL)?

OH (HYDROXYL RADICAL) IS A POWERFUL PURIFYING SUBSTANCE THAT IS NATURALLY GENERATED BY SUNLIGHT, OZONE AND HUMIDITY AIR, ABSOLUTELY WITHOUT ANY DANGER, IT DISAPPEARS IN ITS PARTICLE DESTRUCTION PROCESS.

DEVICES THAT USE THIS TECHNOLOGY PRODUCE THIS SUBSTANCE, DIFFUSES IT INTO THE AIR WHICH IS AUTOMATICALLY AND TOTALLY PURIFIED OF ANY POTENTIALLY HARMFUL SUBSTANCE.

THIS TECHNOLOGY IS ABSOLUTELY SAFE FOR HUMANS, IT IS EXTREMELY EFFECTIVE IN DISINFECTING AIR BUT ALSO SURFACES.

99,9% PROVED EFFICIENCY // 100% SAFE FOR HUMANS

(CAN BE USED WITH HUMAN PRESENCE IN TREATED SPACES)

0 DEPOSIT ON SURFACES // 0 CHEMICAL PRODUCTS

THE OH GENERATED BY THE AIR PURIFIER
SURROUNDS HARMFUL PARTICLES IN
AIR SUSPENSION
(VIRUS / BACTERIAS / ODORS / ALLERGENS / MOLDS)

OH REACTS WITH HYDROGEN
OF THE CELL WALL AND
DESTROY THE VIRUS AND OTHERS
PARTICLES

AND TRANSFORMED IN A WAY
NATURAL HARMFUL PARTICLES
IN NEUTRAL ELEMENT (H₂O)

AIR PURIFIER UV Technology

WHATS IS UV (ULTRA-VIOLET)?

ULTRAVIOLET (UV) LIGHT IS A FORM OF LIGHT THAT IS INVISIBLE TO THE HUMAN EYE. IT OCCUPIES THE PART OF THE ELECTROMAGNETIC SPECTRUM BETWEEN X-RAYS AND VISIBLE LIGHT.

A UNIQUE CHARACTERISTIC OF UV LIGHT IS ITS RANGE OF SPECIFIC WAVELENGTHS, BETWEEN 200 AND 300 NANOMETERS (BILLIONTHS OF A METER), WHICH ARE CONSIDERED GERMICIDAL, MEANING THAT THEY HAVE THE ABILITY TO INACTIVATE MICROORGANISMS SUCH AS THAT BACTERIA, VIRUSES AND PROTOZOA. THIS ABILITY HAS MADE IT POSSIBLE TO ADOPT UV LIGHT TO A LARGE EXTENT AS A VERY EFFECTIVE, CHEMICAL-FREE AND ENVIRONMENTALLY FRIENDLY MEANS OF DISINFECTING THE AIR AGAINST HARMFUL MICROORGANISMS.

99,9% PROVED EFFICIENCY // 0 DEPOSIT ON SURFACE // 0 CHEMICAL PRODUCTS

(CANNOT BE USED WITH A HUMAN PRESENCE IN TREATED AREAS IF DIRECT UV EXPOSURE)

THE SOFTWARE SOLUTION

by
ALTOROS

In this first part, we have seen the most reliable and efficient material solutions according to our expertise to set up a first-rate and long-term health security policy in your spaces.

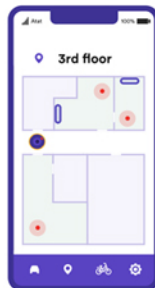

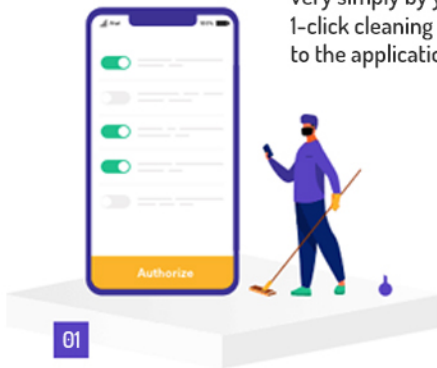

In this new reality, health safety became a new powerful competitive advantage. People need to know how safe they are in their room, restaurant, public building administration or the entire city!

Imagine that anyone may have easy access to the health safety data of any space at the time it is needed.

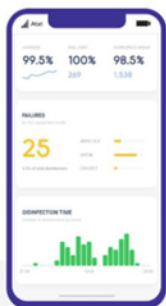

Alarta is a real-time updated health safety quality label. It automatically gets data from disinfection equipment and cleaning staff; transforms it into easy-to-read reports, and shows it via QR code or a web link.

Scan the Alarta QR code sticker below with your phone and see how easy it is for yourself.

Organize your disinfection procedures very simply by your staff
1-click cleaning by adding your devices to the application.

Plan your disinfection procedures of your rooms, F&B spaces, hall reception, common areas in a few clicks!
Send a report to all your customers!

“Dear Guest,
The air in your room is totally pure and sanitized!
At your service!”

Your customers can control the quality and purity of the air as well than cleaning their room at any time by QR!

STEPS TO FOLLOW FOR AN HEALTHY AIR AT 99.9% PURE IN YOUR LONG-TERM BUSINESS!

1. SELECT THE RIGHT EQUIPMENT (WE ASSIST)
2. CONNECT YOUR DEVICES TO YOUR **ALARTA APP** (WE DO IT WITH YOU AND TRAIN YOUR TEAM))
3. START BREATHING WITHOUT FEAR AND RECEIVE YOUR GUESTS BY PROVIDING THEM WITH **EXCELLENT CLEAN AIR FOR THEIR HEALTH!**
